me he manu motu i te māhanga Championing a more liveable world

To champion a more livable world

- > To promote accessibility and universal design; and
- > To help create accessible buildings, spaces and transport networks through advocacy, training and advisory activities

FOR EVERY BODY.

"A recovery and rebuild of Greater Christchurch that results in a genuinely accessible and livable place for all of its citizens to participate in and belong to".

- Championing for disabled people to have a voice and be included in the regeneration of Christchurch
- Independent across sector group
- > Creating a strong, shared message for the sector as a whole

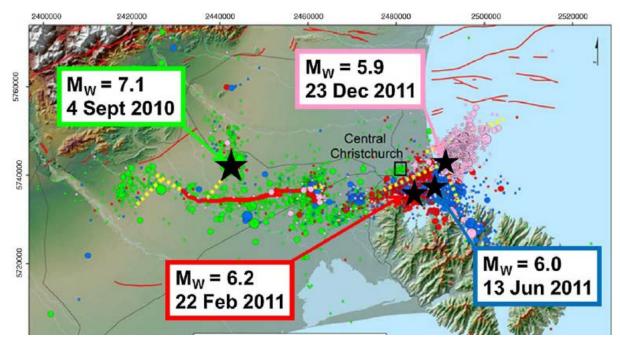

COLLABORATION IN ACTION

BFNZT

- > Training, technical advice and guidance
- > Data collection, sharing, team work

EDLG

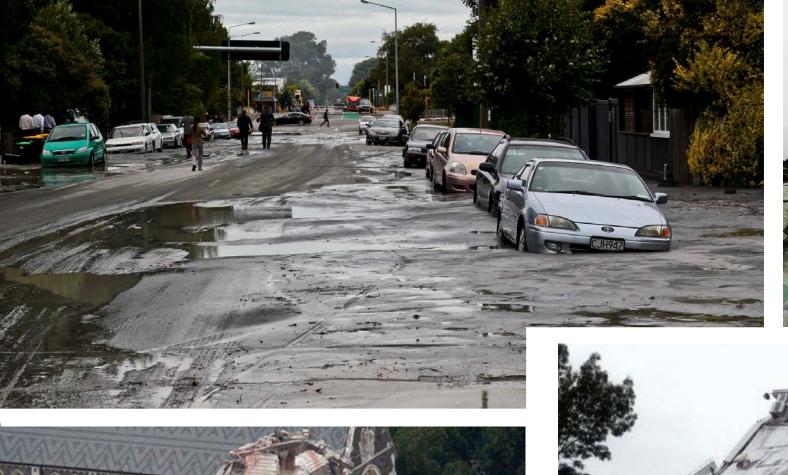

Championing for an accessible city as part of the rebuild and regeneration of Canterbury

THE OPPORTUNITY

- An unprecedented opportunity to rethink, revitalize and renew Canterbury
- > Build back better than it was before
- Create a city that is accessible, safe, sustainable, fit for purpose and built for the future
- Create a vibrant central area that draws people in to live, work, learn and play

spaces people Avon River A visual summary of the key themes

THE PROCESS

- Canterbury Earthquake Recovery Authority was established to develop a plan for the regeneration of Central City
- Share an Idea initiative launched
- Central City Recovery Plan developed
- > Five key themes emerged

CHARTER ORIGINS

- CERA commitment to include accessibility assessment and reporting on all anchor projects
- Canterbury Safety Charter agreement to raise standards of health and safety in Canterbury construction
- Legislation no immediate intention to amend legislation
