5 Pillars of Inclusive Smart Cities...

Smart Cities for All

@jamesthru | @smartcitya11y | @g3ict

1. Strategic Intent

- Digital Inclusion Strategy
- Business case
- Leadership
- Budget

2. Culture

- Innovation
- Citizen engagement
- Diversity
- Transparency

3. Governance & Process

- Org structure
- Procurement
- Measurement
- Partnerships

An aerial night view of a city skyline with various smart city technology icons overlaid. The icons include a Wi-Fi symbol, a smartphone, a shopping cart, a padlock, a group of people, and a laptop. The city lights are visible in the background.

4. Technology

- Asset deployment
- Global standards
- Solutions development
- Digital divide

5. Data

- Data Divide
- Data solutions

G3ict Maturity Model

Defining Inclusive Smart Cities

Strategic Intent	Culture	Governance & Process	Technology	Data	5 Pillars
Budgeting	Culture of Community Engagement	Measurement	Global Standards	Data for Inclusion Challenges	18 Capabilities
Business Case for Accessibility and Inclusion	Culture of Diversity	Partnership	Technology Adoption and Digital Divide	Data Representation and Divide	27 Enablers
Digital Inclusion Strategy	Culture of Innovation	Procurement	Technology Assets		
Leadership	Culture of Transparency	Structure and Organization	Technology for Inclusion Challenges
